Cultural life in Ixelles (Long)

Mapping Question

How do you use the cultural facilities and what would you like to change, add, or organize yourself?

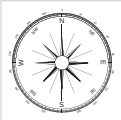
Mapping Scenario

1. What should culture be for you in Ixelles? Add 3 terms at the border of the map. This is an individual task. (5')

2. Choose the three most important aspects among the ones of your group. Add them to the compass. (20')



3. Which cultural activities do you take part in, and which cultural places do you visit? (15')

4. Mark what you visited the most ('Footprints' sticker), and what you enjoyed the most ('Like' sticker). Explain why. (10')

5. Which activities should be performed more often ('Plus' sticker)? Which activities have potential but could use a boost ('Match' sticker)? (15')

6. Bomb what you don't like and explain why. (10')

7. Take a look at what is (or is not) on the map. Which project would you like to add? (20')

8. Choose a presenter (somebody else than the moderator). The presenter takes the map to the other table and explains it. The other group uses bombs, or 'likes' to mark the strenghts or weaknesses (in their own sticker color). (15')

9. Presentation of the maps (15')
